

A background image of space. On the left, the curved horizon of Earth is visible, showing a blue atmosphere and white clouds, with a bright sun or star behind it creating a lens flare. The rest of the image is a dark field of stars of various colors and sizes.

HOW FAR CAN WE GO?

Work - The Next Generation

It's work Jim, but not as we know it.

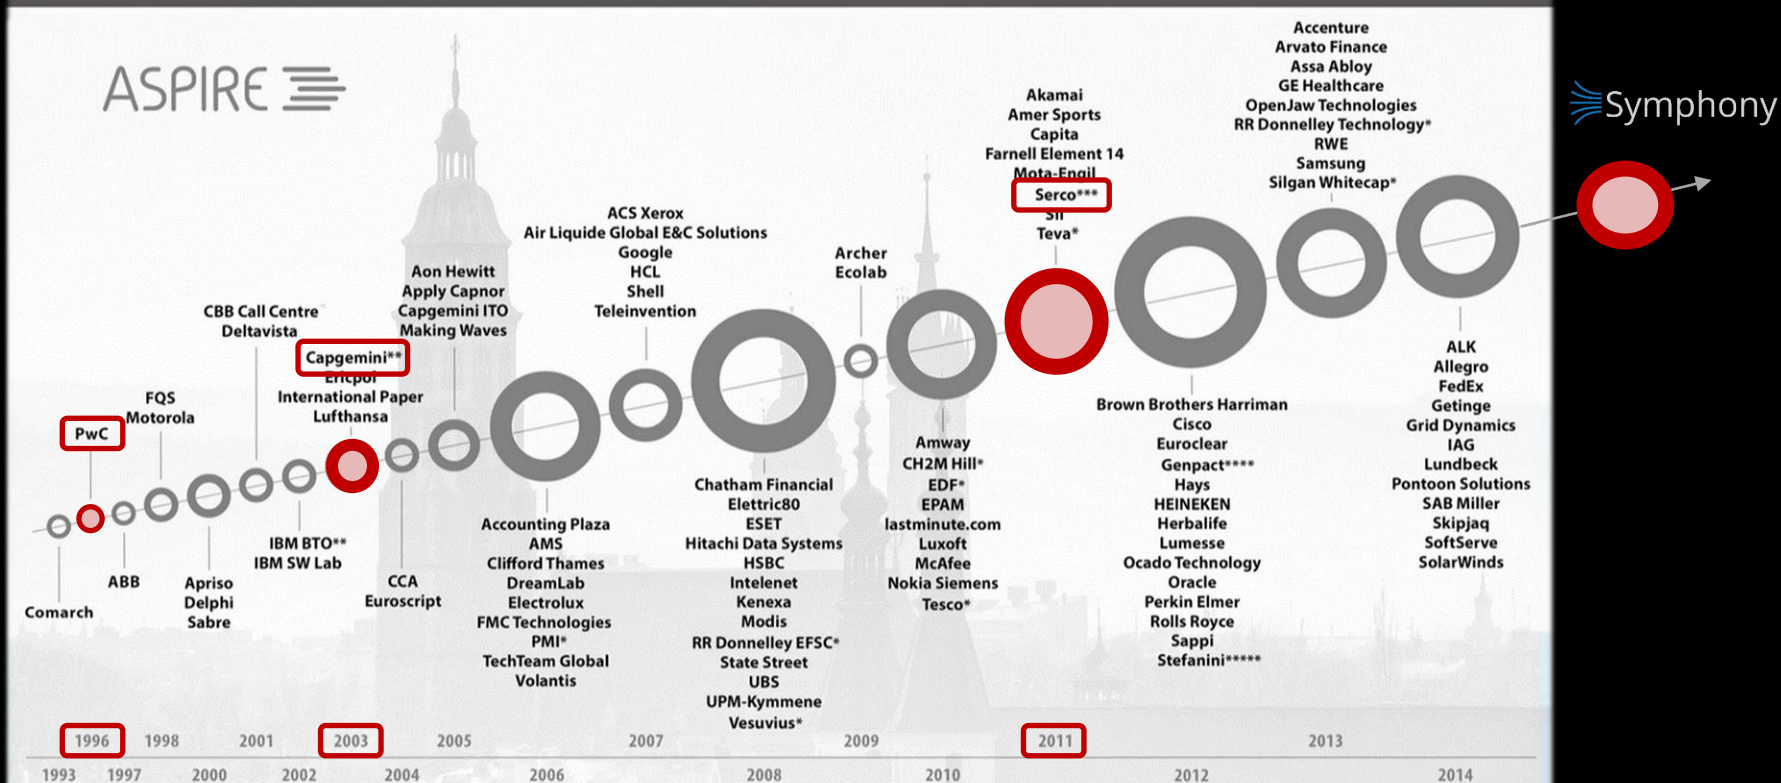

presented by:

David Poole

Co-founder & CEO, Symphony Ventures

Made in Kraków | IT & Business Services Centres Timeline, 1993 - 2014

* company already in Kraków; date of set up of service centre

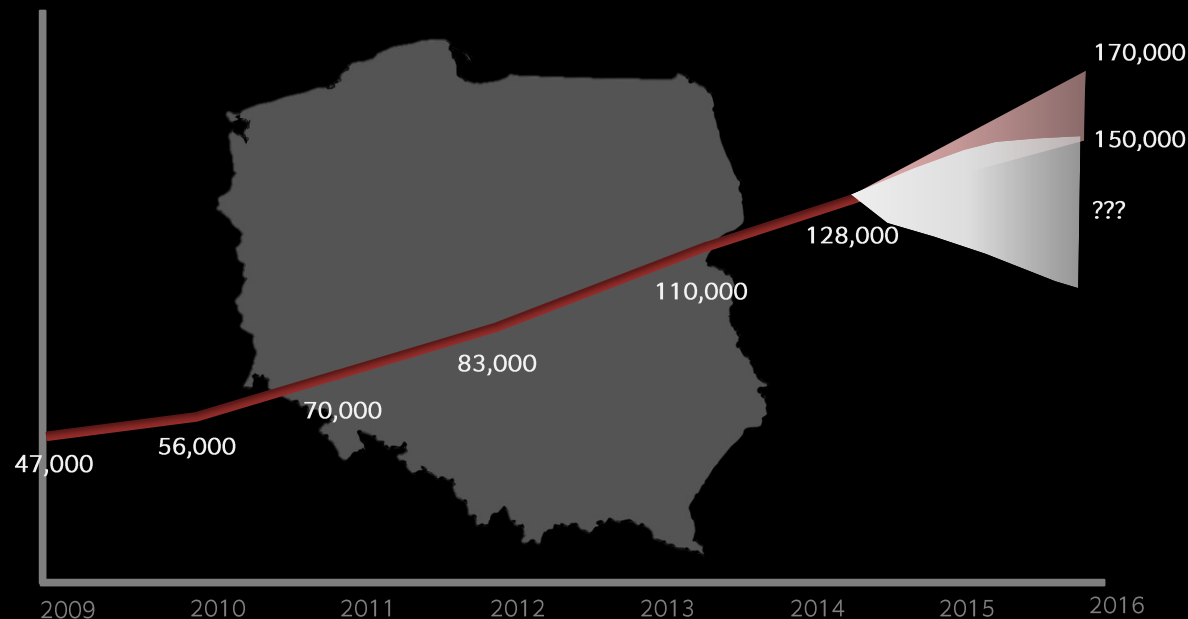

** acquired PwC outsourcing contract

*** acquired Intelenet

**** acquired Accounting Plaza

***** acquired TechTeam Global

Employment in Poland Business Services Sector

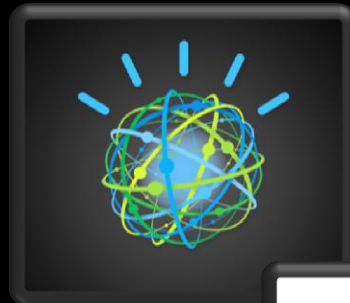

Robots & AI

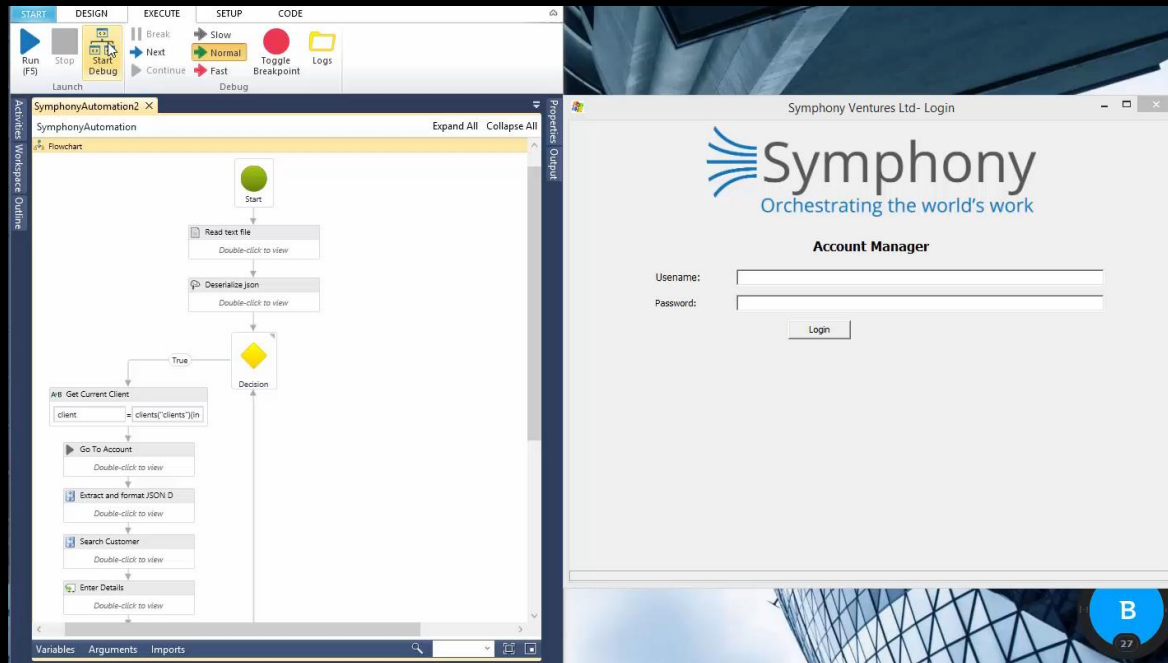

The ends are near....

So what is Robotic Process Automation ?

A capability (Software and Services) that allows you to transact in any IT application or website typically in the same way a human would, to perform complex rule based work.

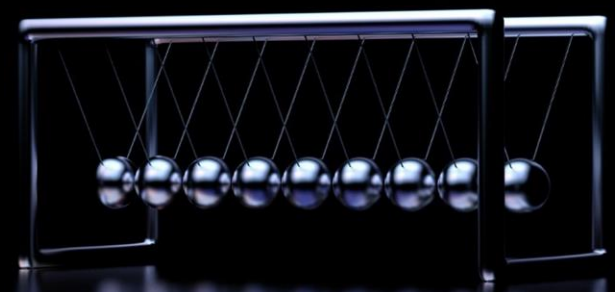

Demonstration
Speed

The screenshot displays the ASPIRE software interface. On the left, a flowchart titled 'SymphonyAutomation2' is visible. The flowchart starts with a 'Start' node, followed by 'Read text file', 'Deserialize json', and a 'Decision' diamond. The 'True' path from the decision leads to a sequence of steps: 'Get Current Client', 'Go To Account', 'Extract and format JSON D', 'Search Customer', and 'Enter Details'. The right side of the screenshot shows a web browser window titled 'Symphony Ventures Ltd- Login'. The page features the Symphony logo with the tagline 'Orchestrating the world's work' and an 'Account Manager' section with 'Username:' and 'Password:' input fields and a 'Login' button.

in partnership with  pwc

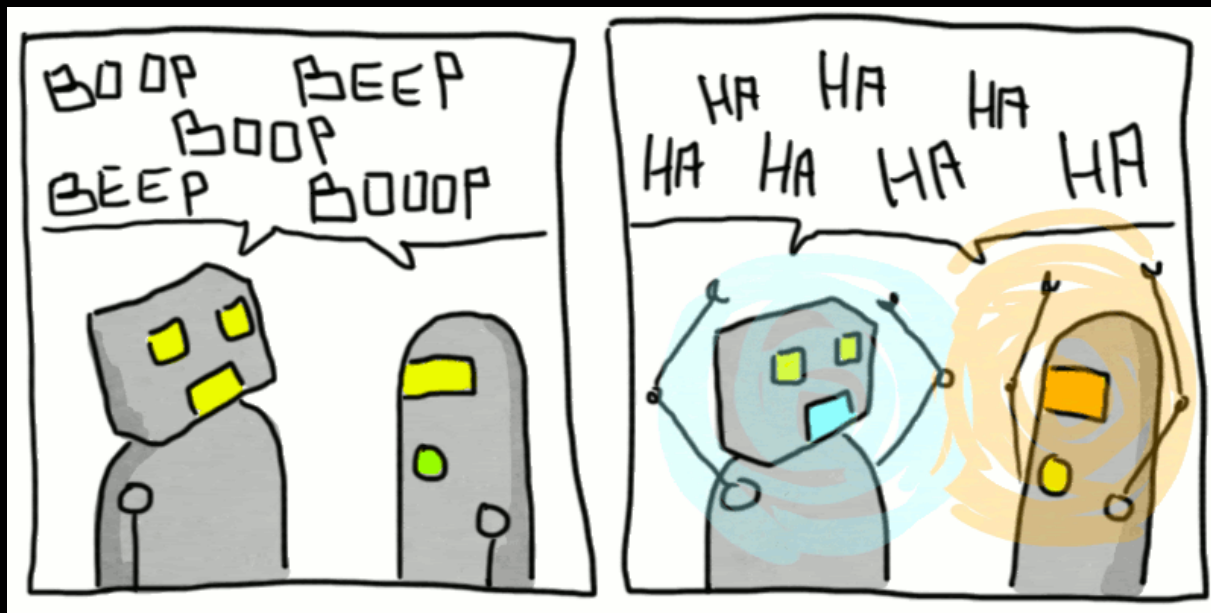

SO WHAT ARE YOU GOING TO DO ABOUT IT?

1. Focus on the fundamentals but re-evaluate the old normal
2. Rapidly develop automation capabilities
3. Get started. Be the hub of 'Future of Work' excellence
